Security Specialists Joins Person-to-Person to Provide Local Families with Food, Warm Clothing and Toys This Holiday Season

-Stamford-Based Security Solution Provider for Homes and Businesses Joining Forces with Person-To-Person to Bring a Little Bit of Holiday Cheer to Area's Less Fortunate-

STAMFORD, CT, DECEMBER 8, 2015 – Security Specialists, LLC, a leading systems integrator and full-service solution provider of dynamic, high-performance, integrated life safety, electronic security, video surveillance and communications systems for commercial and residential clients, is partnering with local lower Fairfield County charity, Person-to-Person this holiday season in an effort to provide warm clothes, food and toys to the underprivileged in the area.

A volunteer-driven, community-supported agency dedicated to improving the lives of those who lack basic necessities or resources, Darien-headquartered Person-to-Person has been bringing hope and assistance to the County's less fortunate, one person at a time, for more than 40 years.

"Everyone deserves to be warm, fed and able to enjoy the holiday season, regardless of who they are, what their financial status is or where they come from," said Daniel Budinoff, owner of Security Specialists, LLC. "There are far too many families facing a cold, hungry, bleak and unhappy holiday season, and this charity drive will help change that."

The Security Specialists team is already reaching out to community leaders and business associates in the lower Fairfield county area, and plans to initiate an online social media campaign to help spread the word about the charity drive.

About Person-to-Person:

Darien and Norwalk, CT based nonprofit Person-to-Person (P2P) was founded in 1968, soon after the assassination of Dr. Martin Luther King, as a forum for a community to address social tensions and consider what corrective steps ordinary citizens might take. In the past 40-odd years, P2P's mission has evolved to encompass community services and support.

(More)

Person-to-Person is a volunteer-driven, community-supported agency which, through a sharing of goods and talents, responds to individuals and families who lack basic necessities or resources to improve their lives. We serve more than 23,000 residents of Lower Fairfield County each year through 3 key programs: Emergency Assistance, Campership, and Scholarship. More than 2,000 volunteers are committed to our mission to help others, one person at a time. Please consider joining in our mission by contributing your time or by donating. Visit our website at www.p2pHelps.org to donate on-line and to see what our current needs are for non-perishable groceries and new or gently-used clothing.

About Security Specialists:

Stamford-based Security Specialists is a leading systems integrator and full-service solution provider of dynamic, high-performance, integrated life safety, electronic security, video surveillance and communications systems for commercial and residential clients. A pioneer in the development of customized security solutions utilizing best-of-breed components from leading world-class manufacturers, the Company has serviced the greater Tri-State area (Connecticut, New York, New Jersey) for over 37 years.

Today, Security Specialists provides a broad portfolio of customized intrusion, fire, environmental video surveillance, access control, home automation and intercom solutions, including its newly released Video Doorman system for multi-tenant facilities, which enable homeowners and businesses of all types to protect people, property and assets.

With hundreds of deployed solutions and over three decades of experience in fire and intrusion detection, video surveillance, access control and environmental monitoring, Security Specialists continues to meet the security demands of world-class organizations such as PepsiCo Inc., Trane, Plaza Realty and Management, and Taro Pharmaceuticals U.S.A., Inc.
